"Unvarnished. Punk."—The New York Times King-Cat Classix collects material from the first fifty issues of John Porcellino's King-Cat Comics as they appeared in self-published, handmade zines throughout the 1990s. These strips span

Porcellino's dynamic evolution from saturated, punk drawings to his characteristic refined minimalism, revealing his work as nothing short of a catalyst that has inspired artists like Chris Ware in the emerging literary comics scene. In the inky drawings featuring beloved pets, awkward teenage one-night-stands, and everyday blunders, we see a nascent style steeped in truth and transparency—one that continues to ring true today. Porcellino's mind is spread out on the page, with an uninhibited id running wildly about dreams and sexual fantasies, not unlike the gritty, stabbing pen strokes of Julie Doucet. He sketches fragmented moments and glimpses of interaction that seem to reflect the very manner in which we process memory: we are made up of a stream of consciousness, captured in fleeting mental images, and Porcellino externalizes that messy internal reality. Follow along the path of Porcellino's dynamic evolution and relish in the inspirational power of this groundbreaking collection. (Book). This entertaining book presents the U.S. and U.K. Top 20 charts side by side, month by month showing how rock and pop developed on each side of the Atlantic. Fully updated, it lists the hits from 1954 through 2003. Alongside every song listing, readers will find important facts such as the artist's name and nationality, current and previous month's chart position, record label, weeks on the chart, and simultaneous position on the other side of the pond. Includes an alphabetical listing of song titles with artists, and an alphabetical listing of artists with song titles and chart-entry dates, enabling easy cross-referencing to help you track down any Top 20 record since 1954. Verdi, Wagner, polymorphous perversion, Puccini, Brunnhilde, Pinkerton, and Parsifal all rub shoulders in this delightful, poetic, insightful, sexual book sprung by one man's physical response to the power and exaggeration we call opera. Sam Abel applies a light touch as he considers the topic of opera and the eroticized body: Why do audiences respond to opera in a visceral way? How does opera, like no other art form, physically move watchers? How and why does opera arouse feelings akin to sexual desire? Abel seeks the answers to these questions by examining homoerotic desire, the phenomenon of the castrati, operatic cross-dressing, and opera as presented through the media. In this deeply personal book, Abel writes, 'These pages map my current struggles to pin down my passion for opera, my intense admiration for its aesthetic forms and beauties, but much more they express my astonishment at how opera makes me lose myself, how it consumes me.' In so doing, Abel uncovers what until now, through dry musicology and gossipy history, has been left behind a wall of silence: the physical and erotic nature of opera. Although Abel can speak with certainty only about his own

response to opera, he provides readers with a language and a resonance with which to understand their own experiences. Ultimately, Opera in the Flesh celebrates the power of opera to move audiences as no other book has done. It is indeed a treasure of scholarship, passion, and poetry for everyone with even a passing interest in this fascinating art form. Vol. 25 is the report of the commissioner of education for 1880; v. 29, report for 1877.
