capable with caterpillar or customer provided air fuel ratio control and aftertreatment features at a glance advanced digital engine management this document cat 3306 industrial engine spec sheet is quite unique among spec sheets because it shows fuel consumption in scientific terms as well as in humanly understandable terms e g lb hp hour is shown in gal hour as well i have not seen this in anybody s engine spec sheets before more diesel engine specs bolt torques and manuals engine which can be utilized for one uninterrupted hour followed by one hour of operation at or nov 18 2022 caterpillar 3306 engines there is a reason caterpillar produced this engine for a quarter of a century the cat 3306 engine is legendary for its simplicity reliability million mile durability and ease of serviceability the 3306 is often overshadowed by caterpillar s larger 3406 but this mid range engine is arguably one of the most tried and true power plants to ever wear g3306b na gas petroleum engine 108 bkw 145 bhp lehw0111 01 page 3 of 4 technical data g3306b gas petroleum engine 1800 rpm dm8970 01 dm8798 01 0 5 g nox nte 1 0 g nox nte engine power 100 load bkw bhp 108 145 108 145 engine speed rpm18001800 max altitude rated torque and 38 c 100 f m ft 0 0 engine model cat 3306 series engine engine type 6 cylinders inline water cooling engine make caterpillar engine cubic inches 638 engine model 3306 10 5l engine notes supply engine serial number and arrangement number other notes year serial fuel diesel cylinders 6 bore 4 750 stroke 6 000 firing order 1 5 3 6 2 4 intake valve lash 015 cold 381 mm exhaust valve lash 025 cold 635 mm rod torque 30 ft lbs 90 degrees caterpillar engine specification sheets when you need caterpillar engine specifications visit diesel parts direct ordering parts without specs for engines like the 3126 3306 and 3406e is like taking a shot in the dark but that can be avoided with our handy cat spec sheets available in downloadable pdf documents we have a library of caterpillar data sheets by model including caterpillar 3306 di truck equipment data sheet engine information cubic inches liters number of cylinders bore size stroke engine torque specs rod bearing torque producing reliable power from 225 to 250 ekw at 60 hz our 3306 diesel generator sets designed to iso 8528 5 transient response requirements features at a glance reliability through a durable design built to withstand rough handling in harsh environments superior motor starting capability that minimizes the need for oversizing your alternator
