*The Forty Rules of Love* Mar 09 2021 In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

In a sleepy village in the Shire, young Frodo Baggins finds himself faced with an immense task, as his elderly cousin Bilbo entrusts the Ring to his care. **The Line Between** Sep 22 2019 The long-awaited sequel to the popular classic *The Last Unicorn* is the centerpiece of the powerful collection of new tales from a fantasy master. As longtime fans have come to expect, the stories are written with a grace and style similar to fantasy's most original voices, such as J.R.R. Tolkien, Fritz Leiber, and Kurt Vonnegut. Traditional themes are typically infused with modern sensibilities--reincarnated lovers and waning kings run shoulders with heroic waifs; Schmendrick and Magician returns to adventure, as does the ghost of an off-Broadway actor and a dream-stealing shapeshifter; and Gordon, the delightfully charming "self-made cat," appears for the first time in print, taking his place alongside Stuart Little as a new favorite of the young at heart. This wide-ranging compilation contains sly humor and a resounding depth that will charm fans of literary fantasy.

**The Invention of the Restaurant** Dec 26 2019 During the 1760s and 1770s, those who were sensitive and supposedly suffering made public show of their delicacy by going to the new establishments known as "restaurateurs' rooms" and sipping their bouillons there. However, the restaurants that had begun as purveyors of health food soon became sites for extending frugal, politically correct hospitality and later became symbols of aristocratic greed. From restoratives to Restoration, Spang establishes the restaurant at the very intersection of public and private in French culture--the first public place where people went to be private.
